

PROCUREMENT & PROPERTY

Office of the Chief Financial Officer

Thank you for your interest in becoming a supplier for Berkeley Lab's eBuy program.

eBuy is Berkeley Lab's online catalog and ordering solution for purchasing commercial off-the-shelf goods. eBuy gives all of Berkeley Lab's employees direct access to controlled supplier catalogs so they can conveniently and efficiently place orders online with approved suppliers. eBuy suppliers are visible to all Laboratory departments and employees and are recommended as preferred suppliers. To learn more about eBuy, visit our department website.

We Offer the Following Products on eBuy:

- Chromatography and Analytical Products
- Office Supplies and Furniture
- Computers and Supplies
- Optics and Spectroscopy Products
- Life Sciences Products
- Electronic Supplies
- Electrical Equipment
- Lab Equipment
- Chemicals
- Vacuum Supplies
- Gases
- Biological Agents
- Safety Equipment
- Industrial Tools and Supplies

Suppliers on eBuy Must Meet the Following Minimum Requirements:

- Be a small disadvantaged business or be a large business that is partnered with a small disadvantaged business
- Meet the Laboratory's contract requirements
- Have the capability to set up and manage an ecommerce website
- Offer eco-friendly products
- Be awarded eBuy supplier status through a competitive bidding process
- Be financially stable

How to Register

Small businesses wishing to be considered for eBuy supplier status in the future can apply now. Your information will be added to a master database of potential Berkeley Lab suppliers and will be reviewed by our program staff. Register through our Small Business Program page on the Procurement Department website.

Note that meeting our minimum requirements or registering does not guarantee any small or disadvantaged supplier the right to bid or receive a contract on eBuy.
